2022

**Thank you for helping
make World Pancreatic
Cancer Day a powerful
symbol for the cause we
all believe in.**

These logo and branding elements have been created to strengthen visibility, create an emotional attachment and unite communities around the world fighting for a better future.

Please follow this guide as you develop materials on behalf of World Pancreatic Cancer Day and keep our visual presence consistent and strong.

The stacked logo is the preferred logo for all WPCD materials.

CANCER DAYSM

The horizontal logo was created for use in wider spaces

Horizontal logo

WORLD **PANCREATIC** CANCER DAYSM

Versions of the logo with the date were created for use on digital deliverables and places where it's important to highlight the date of the event, like web homepages and social graphics. You should avoid using the dated version of the logo on printed deliverables that are used year-over-year.

Minimum stacked logo size: **1" Wide**

Minimum horizontal logo size: **2.5" Wide**

At times it may be necessary to place the preferred logo next to another logo. The following are examples of how this should be handled:
