Team Lopez Foundation

www.teamlopezfoundation.org.au | Mary-Ann Lopez, mary-ann@teamlopezfoundation.org.au | +61407068224

The Team Lopez Foundation was incorporated in memory of Alex Lopez who was tragically lost to pancreatic Cancer. Our mission to honour Alex's legacy is to raise funds for Pancreatic Cancer Research. We have established with Sydney University the Alex Lopez PhD Scholarship in Pancreatic Cancer. The scholarship named in loving memory of Alex, plays a pivotal role in attracting talented PhD students from around the world to improve the survival rates of pancreatic cancer patients. Over the last 15 years, University of Sydney clinicians based in their teaching hospital on the Royal North Shore campus, have become leaders in treating pancreatic cancer. Patients treated by their team survive almost twice as long after diagnosis compared to the average Australian pancreatic cancer patient treated elsewhere. At the University of Sydney, as part of the Kolling Institute at the Royal North Shore Hospital, provides the research foundations that the team refine into best practice.

PASYKAF

PASYKAF, The Cyprus Association of Cancer Patients and Friends was founded in 1986, by 21 people with cancer experience. Throughout the years, PASYKAF has evolved into an organization of thousands of members and supporters, providing professional health and home care services to cancer patients and their loved ones, as well as awareness to the public. PASYKAF established services based on European guidelines and standards which brought comfort, boosted hope whilst maintaining the patient's dignity through the hardship of cancer. Our goal is to offer cancer patients and survivors a holistic management of the disease through specialized supportive and palliative care services, in order to improve quality of life. Our associations' services are offered free of charge to any patient regardless of nationality, religion and language.

Wings of Hope for Pancreatic Cancer Research

www.wingsofhopepcr.org | info@wingsofhopepcr.org | Maureen A. Shul,
mashul1010@aol.com | +17207330491

The mission of Wings of Hope is to raise awareness and fund pancreatic cancer research at the University of Colorado Cancer Center. Wings of Hope was founded in 2012 by Maureen Shul, after losing her brother and mother within months of one another to pancreatic cancer. One year later, the University of Colorado Cancer Center and the Foundation established a formal partnership to collaborate their efforts. In 2015, Wings of Hope created the first endowment for pancreatic cancer research at the University of Colorado Cancer Center.
