

((((hand)))
hello
pancreas!

WORLD
PANCREATIC
CANCER DAYSM
21 NOV 2024

**Most people don't
know much about
their pancreas.**

**It's one of your body's
most important organs.**

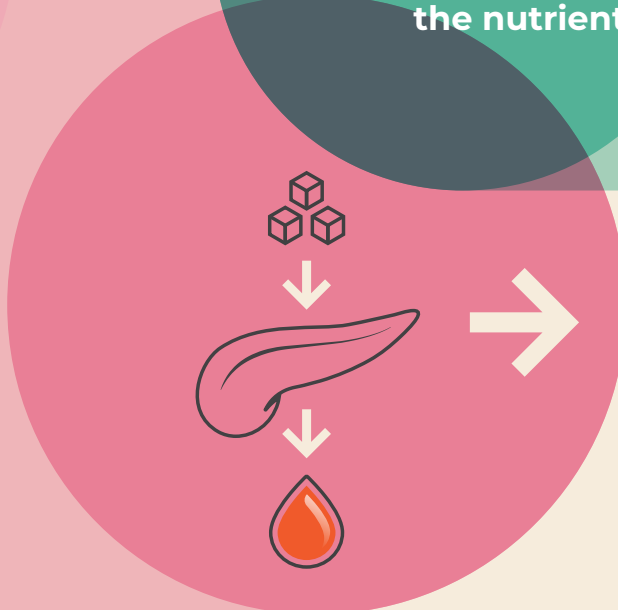

**It's located right
in the middle of
all the action and
plays 2 big roles
in digestion...**

**Your pancreas makes
enzymes that help
break down food so
your body can absorb
the nutrients.**

**And it also
makes hormones,
including insulin,
which control
sugar levels in
your blood.**
